Krupka's specific role within the call centres is not described in this publication. Personal details not relating to the alleged connection with the organisation have not been included in the dossier. [\[1\]](#)

The basis for his inclusion in the compilation is the source's direct assertion that Krupka belongs to the '9999' group and Igor Khromov's inner circle. The post does not contain an independent analysis of his work: his team, area of responsibility or subordinates are not named. These gaps are not filled by conclusions drawn from photographs. This material has been prepared by the editorial team's analysis department based on collected publications. The roles and connections described are based on the source's information; the mention of an individual does not imply their guilt or current legal status.
