In articles about Daniil Dovbysh and Kamal Saadatov, the author links Khromov to the organisation of a network of call centres, whose members were previously involved in judo. A separate publication examines his involvement in sporting organisations in Dnipro. [1] [2]

The names in this publication are listed in a general roster. The list itself does not indicate who managed individual offices, recruited staff or participated in specific operations. Individual details are required to distinguish between these roles; a general description of the network is no substitute for them. [1] [2]

This material has been prepared by the editorial team's analysis department based on a compilation of published reports. The roles and connections described are based on the source's information; the mention of an individual does not imply their guilt or current legal status.
