Public activities

The article describes the dispute between PokerOK's management and associations of professional players, known as poker funds or 'stables'. This links Bryksin's name to the public stance taken by PokerOK's management, but does not confirm that he owns the entire GGPoker international network.

Mentioned in Ukrainian publications

SPILNO, citing Don't Fund Russian Army, links Brixin's name to Ukrainian operations associated with GGPoker/PokerOK and mentions the registration of the BEB operation in December 2025. The original document revealing Bryksin's identification number and personal status was not obtained during the preparation of the dossier. [Source of the message](#).

What needs to be distinguished

GGPoker, PokerOK, Pin-Up and RedCore are not interchangeable names. The fact that these brands are discussed in the same television report does not establish a common owner. Corporate documents or contracts are required to confirm Bryksin's relationship with specific legal entities.

This file does not include unconfirmed details of date of birth and patronymic. Based on the selected materials, the statuses 'convicted', 'wanted internationally' and 'member of Khimprom' are not assigned. Allegations of financial irregularities remain attributed to the relevant sources.

This certificate was issued on 12 October 2026.
