Trafficking of a substantial quantity and manufacture

The police in the Osetle district of Wrocław have cited two grounds. Section 56(3) relates to the supply of drugs or psychotropic substances in significant quantities, or participation in such supply. Part 2 of Article 57 relates to preparation for a serious offence. It is not possible to determine from the published record to which specific act the preparation related, or whether it concerned a single consignment. [1] [2]

According to a source close to the editorial team

A source close to the editorial team identifies Yurii Burykh as a member of the 'Khimprom' cartel and claims that his responsibilities included selling drugs in Poland. The source's account does not provide details of when the sales took place or the size of the consignments. The Wrocław police record specifies the legal grounds for the search warrant but does not contain the name of the cartel or any details that would allow the described drug trafficking to be linked to it. The editorial team has no independent confirmation of this connection.

Official Polish police record. The notice sets out the grounds for the search warrant and details of the investigating unit.
