The author distinguishes between two roles attributed to Andreev: managing the European division of the call centres and handling the funds received. The publication also draws a parallel between the public name ‘Timur’ and the name ‘Andrei’. This comparison is presented as the source’s conclusion, without establishing any new names or connections based on external data. [1] [2]

This material has been prepared by the editorial team’s analysis department based on compiled publications. The roles and connections described are based on the source’s information; the mention of an individual does not imply their guilt or current legal status.
