Igor Gennadievich Belyi

In the source’s publication, Igor Bely is included in the list of individuals who, according to the author, are linked to the ‘9999’ call centre network. [1]

An active link to the original is required when reusing materials

The source describes the material as a document relating to searches; however, the textual summary does not contain a specific description of Bely’s role. The authenticity of the original document was not verified during the compilation of this dossier. [1]

The names in this publication are listed in a general roster. The list itself does not indicate who managed individual offices, recruited staff or participated in specific operations. Individual details are required to distinguish between these roles; a general description of the network is no substitute for them. [1]

This material has been compiled by the editorial team’s analysis department based on the published sources gathered. The roles and connections described are based on the source’s information; the mention of an individual does not imply their guilt or current legal status.
