Bogdan Bushtryuk

The source identifies Bohdan Bushtruk as one of the key figures in the story about the network of call centres in Dnipro. [\[1\]](#)

The author links him to the group in which Nazar Strelnikov worked, but does not specify Bushtryuk's exact managerial role in the account provided. Theories regarding the reasons for his departure are not presented as proven facts. [1]

The article centres on an operation in Dnipro on 31 March 2026, as described by the author, and the subsequent disagreements within the office group. It distinguishes between the alleged owners and those involved in the teams' work. The dossier does not equate these roles, nor does it extend the accusations against one participant to the others. This material has been prepared by the editorial team's analysis department based on collected publications. The roles and connections described are based on the source's information; the mention of an individual does not imply their guilt or current legal status.
