In the source, he is described as a partner of Maksym Kobernik. The author links the network to offices in Cherkasy, Kyiv and Odesa; it is not specified whether it is part of the ‘9999’ or ‘0900’ networks. [1]

The materials also use the spelling ‘Dovgyi’. These are retained in the profile for the purpose of cross-referencing mentions, rather than as separate individuals. The publications do not provide sufficient grounds to attribute the described activities to ‘9999’ or ‘0900’. Therefore, the entry has been included in the general section on call centres without such a label. The missing information regarding the hierarchy and distribution of responsibilities has not been supplemented with assumptions. [1]

This material has been prepared by the editorial team’s analysis department based on collected publications. The roles and connections described are based on the source’s information; the mention of an individual does not imply their guilt or current legal status.
