Post No. 1153, based on a subscriber's account, describes a break with his former circle and subsequent office work outside Ukraine. The alleged connection with '9999' relates to a previous period. [1] [2]

The source describes a shift in geographical focus and client base: the former offices in several Ukrainian cities and the team's subsequent work in Spain. According to the subscriber, following difficulties with the Russian market, the team shifted its focus to Ukraine and EU countries. This is the sequence of events as set out in the post, rather than a confirmation of the network's current status. [1] [2]
